MANY BOYS QUIZZED IN LOMITA STABBING

Sheriff's deputies this week questioned a group of San Pedro youth in connection with the Friday night stabbing of James Alexander Ginter, 17, 25351 Oak St., Lomita, but have not determined who did the actual stabbing.

Lt. R. H. Harrison said that it was definitely determined that a group of San Pedro and Lomita boys had engaged in a gang fight at a drive-in at 2347 Pacific Coast Hwy. and that several of them carried knives. Ginter was not seriously wounded in the fray.

Nike Unit to Arrive Here In December

A unit of the 47th Antiaircraft Artillery Brigade will occupy a permanent Nike guided missile site near the Torrance Airport in early December, Brig. Gen. Olaf H. Kyster Jr., brigade commander, said Monday.

The unit, Battery D, 865th Antiaircraft Missile Battalion, will have about 115 officers and men, all of whom will reside at the site or within 10 minutes' traveling distance from it.

Completion of the site and its occupancy will accomplish another link in the Nike defense of the Los Angeles area. The launchers and underground missile storage area will be located near Sepulveda and Crenshaw Blvds. The control site and radar units will be located near El Camino Real and Tulita, west of the launcher area in Redondo Beach.

Army officials said that at least 13 more homes are needed in the five-mile radius around the site for members of the Nike unit. Persons having housing to lease should call Fort MacArthur, extension 240.

No Saturday, Sunday, or holiday runs will be made.

The route will carry the Torrance buses from Carson and Cabrillo to Western Ave., south to 220th St., east to Meyer, south to Ocean, east to Figueroa, south to 234th St., east to Catskill, south to 238th Pl., east to Panama, and south to Sepulveda. The buses will turn around at that point and return by the reverse route, Chamberlain said.
